

Impactful Giving. Collective Impact.

North Texas Community Foundation drives meaningful change through charitable investment. NTCF helps donors meet the needs of our community by providing tax-efficient strategies to support the causes they care about most.

Charitable Giving for a New Generation

WORTH gives emerging change-makers (ages 22-40) the opportunity learn about critical needs facing our community and decide how to meet those needs through a hands-on grantmaking process. Since 2016, WORTH has granted over \$100,000 to nonprofits in Tarrant County.

We encourage your organization to help us support philanthropy for the next generation by sponsoring your employee or a group of employees to experience WORTH.

Employee Benefits

- **Learn about critical needs** in our community and how to ensure impact.
- **Magnify their giving** by pooling resources with other young professionals and drawing from a dollar-for-dollar match.
- **Get to know local nonprofits** and make decisions on how funds are invested.
- **Connect** with local leaders and donors.
- **Build their network** with other young professionals committed to the betterment of our community.
- **Understand options** available to support their charitable giving.
- **All events are free to members.**

Membership

Donation of \$250 to the WORTH Endowment Fund to support future grantmaking.
